About IIEI's Managed Trade Compliance Training Program

IIEI Manages all aspects of your employee compliance training regimen

Top Management Approval

Senior managers like the program because it provides coverage to all compliance training risk areas that may impact shareholder value, including due-diligence, documenting the company's best efforts, validating employee knowledge and most importantly keeping the company's employees current with the latest changes in the rules and regulations.

Significant Benefits for Compliance Management

Managers responsible for compliance performance appreciate the reports and detail they know on each of their employees' proficiency and expertise.

It frees up management's time to focus on critical time-sensitive compliance licensing issues. By out-sourcing to the IIEI, compliance management is able to focus their knowledge and experience on important licensing and compliance issues.

Management no longer has to be concerned if their training materials are current and up-to-date.

Up to Date with the Regulations

Training and course materials are constantly updated as the rules and regulations change. This gives management the confidence and security in knowing that their

How the Program Works :

Each company is assigned to an IIEI team member that handles all aspects of the training regimen and reports to your management the results. Our staff communicates with key people within your organization in setting up your customize training program and then we work directly with the people needing training to schedule their online training classes. As training progresses, your management receives a variety of monthly reports that detail all aspects of your employee's status, including a pass/fail report on all employees.

All training takes place in the IIEI's Online virtual classroom. which is open seven days a week, 24 hours a day. The student chooses which specific days and time of day to participate. With this flexibility, employees find that they can work the training into even the busiest work schedule, at work or at home.

It's about the Details: Your employees learn the complete set of rules and regulations in any given class. Students read and discuss every page of the regulations and updates to the regulations. Expert instructors use all three learning modalities to ensure your employees fully learn the regulations.

Tests are given to validate learning and understanding.

Features : Managed Trade Compliance Program (MTCP) provides you with a one stop solution to maintain and validate the competency of your staff on the changing import-export compliance regulations.

In addition MTCP provides:

- **Dedicated Account Executive**
- **Ability to train widely dispersed employees simultaneously**
- **Variety of Detailed Compliance Training Reports**
- **Notification of major updates to compliance training courses or materials**
- **Private Courses**
